WEB DEVELOPMENT & SOFTWARE ENGINEERING

Enthusiastic and self-motivated Web Development student with a strong foundation in front-end and back-end technologies. Passionate about building responsive, user-friendly web applications using modern frameworks. Skilled in JavaScript, React, and Next.js, with experience in API integration . Seeking an internship opportunity to apply my technical skills, gain hands-on industry experience, and contribute to impactful projects.

KEY COMPETENCIES

Frontend Development (HTML, CSS, JavaScript, React, Next.js, Tailwind CSS)

Backend Development (Node.js, APIs)

Database Management (MongoDB)

PROFESSIONAL EXPERIENCE

Image Search Engine (Personal Project)

- Developed an image search engine using the Pixabay API, implementing pagination, category filtering, and infinite scrolling.
- Designed a user-friendly interface with React, Next.js, and Tailwind CSS.
- Integrated creator profile displays to enhance user engagement.

Portfolio Website (Personal Project)

- Built a fully responsive personal portfolio using Next.js and Tailwind CSS.
- Showcased projects, skills, and contact information with a clean UI/UX.

E-commerce Website (Personal Project)

- Developed an e-commerce website inspired by Nike.com.
 - Features include product filtering, shopping cart functionality, and mobile responsiveness.
-
